Whitacre Warns Parents More Space Needed if Enrollment Increases

The grade school has an enrollment of 342 this year and if the number continued to increase more room will be needed, Principal Richard Whitacre told the Parent-Teacher club of the school in its first meeting of the year Monday evening.

Mrs. Morris Pickus, vice president, presided in the absence of Mrs. Donald Gibbs, president.

Jill Gaston did a song and tap dance number, Four Leaf Clover, accompanied at the piano by Hans von Holwede.

Mr. Whitacre discussed bond issues and taxes as they affect the school and the problems that may arise in the near future.

The Kindergarten mothers headed by Mrs. Barnstable and Mrs. Art Lubkeman, served refreshments.

Bowling Leagues Dash Off to Good Start With Midseason Scores Made

Antioch bowling leagues got off to a good start last week with some of the teams hitting peak-season scores at the outset.

Especially outstanding was the 2601 series of Thor's Club Villa in the Tavern league which took three games from Ehrhardt's resort.

Ladies Handicap League
The ladies handicap league started off last Tuesday with Slide Inn taking three games from Cox's Corners. Louise Fernandez hit a 490 series while Hilda Segelke rolled a 209 game.

Club Villa came next in line winning two games from Regal China. Mildred Effinger hit a 504 series with a 203 game.

Golden Glo won two games from Pagels. Helen Sanders hit second high series a total of 498.

Antioch News took two games from Bud's Tavern putting them in 4th place.

Depner's Resort took two games from Salem Recreation. Ehrhardt's Resort lost two games to Haling's Resort.

Monday Night Tavern League
Thor's Club Villa started out the season with a bang, taking three games from Ehrhardt's Resort also rolling high series 2601 and high game 905. T. Thorness rolled both high game and high series for the night having a 223 game, and 584 series. Ehrhardt's hit second high game 848 and second high series 2452.

Pagel's Tavern won three games from Pikeville Tavern. W. Opal shot a 541 series with games of 140, 201 and 200.

Louie and Ed's Tavern won two games from Haling's. L. Proko shot 204 second high game for the night. Joe and Helen's took two games from Hans and Mabel's.

Sorenson's Tavern lost two games to Bud's Tavern.

Thompson's Tavern which consist of all men over 60 took two games from Antioch Recreation.

Antioch Baseball Team Loses Final Deciding Game to Silver Lake

The baseball team sponsored by the Veterans of Foreign Wars ended their season Sunday by losing to the Silver Lake nine.

Antioch's team was handicapped by the loss of five of their regular players who were either on vacation or on the injured list.

The Silver Lake team snapped Antioch's winning streak which was nine games in a row prior to the game Sunday. Silver Lake was loaded for Antioch in using players from Wilmot and other teams to organize their team for Sunday's game.

The Antioch Boys played a total of 20 games this season with a record of 12 wins against 8 defeats.

The team and the Veterans of Foreign Wars extend their appreciation to all the people who gave them their loyal support during the past season and helped them to have a successful year.

They are looking forward to a bigger and better year next season and may have a new ball field to offer to all the ball fans of Antioch and vicinity.

(Editor's note—The score Sunday must have been bad for it was omitted).

Mr. and Mrs. Frank Kennedy, Jr., left Wednesday for a few days vacation in Detroit, Mich.

To Patrol Loon Lake as Result of Burglaries

Patrol of the Loon Lake area by deputy sheriff's has been arranged as the result of a burglary at the Christensen residence last Friday evening.

A burglar got into the house and stole \$7.50, while Mr. Christensen was a patient in a Waukegan hospital. Mrs. Erickson heard the prowler but he got away before she could summon help.

Several attempts have been made to burglarize houses in the area. The man broke into the Erickson home two weeks ago.

Kempf Denies He Called Meeting of Grass Lake School on Friday Night

No Desk Shortage; Teacher Obtained for Needed Extra Class

Charles Kempf, president of the Grass Lake school board, denied that he called last Friday's meeting of the school district and said the report that there were not enough seats and desks for the pupils of the school was untrue.

"We had the pupils on temporary seats until we could move some from one room to the other," said Kempf. "Although the enrollment is far greater than we expected—it is now 102—we have been able to borrow some from the Antioch Township High school, and will adjust the ones the older children are using for use by the younger children and let the older ones use the high school equipment," he said.

Kempf said he was told that there would be a meeting of the Parent-Teacher club and was asked if he would be there, and he assured them he would. He denied, however, that he called the meeting and refused to lead the meeting.

It was said that without a leader the meeting became a general talkfest with charges and counter charges hurled as the meeting got out of hand.

A teacher, Mrs. Dan Palaske, formerly Doris Mason, who until recently taught in the school said she would return from Iowa to help augment the staff in taking care of the overflow attendance.

Kempf said the board plans to use the spacious lobby as a class room if W. C. Petty, county superintendent, will permit. Petty's assistant, Bob Hart, said the lighting is sufficient.

New Front on Williams Department Store Will Be Started Next Monday

Chris Mortensen will start work Monday putting in a new front for the Williams department store.

The front will be made of stone and glass and the plan calls for a staggered recession of the display window which will provide a wider entrance. It will be completed in about a month.

In its "face-lifting" procedure the Williams store will be carrying on the general movement in Antioch to make its business area attractive.

PARENTS OF SON

Mr. and Mrs. John Blackman announce the arrival of a 6 pound 11 oz. son, "Thomas Bradley," born Sept. 14, at a Burlington hospital.

Patsy May Cummings To Receive \$272.75 From Contributions

Receptacles Yield \$105.75 Other Gifts \$167, in Modest Amounts

The Antioch News will soon be able to turn over to Mrs. Elsa Cummings, mother of the 4-year-old Heroine a total of \$272.75 as the result of gifts received through this office and in receptacles placed throughout the village by the Lions club.

The receptacles brought in \$105.75 and direct contributions \$167. Contributions still will be received by this office for the Cummings family which was left destitute when fire destroyed their trailer home on the Ravensden farm on Rte. 45.

A new house is being erected by Mr. Ravenscroft for the Cummings and in the meantime they are staying with other families on the farm. A trailer provided them, proved too small for comfort.

The Mutual Broadcasting system announced that as the result of an appeal made to its Hearts Desire program broadcast from Hollywood, Patsy May, will receive a Babyline bedroom ensemble.

The gift includes a crib with upholstered springs and a spacious chifferobe, and in addition to this a Joseph Love party dress.

It is believed that Mrs. John DeLaney of Channel Lake sent in the suggestion and if she did, she too, will receive a gift.

Boat Club Holds Annual Meeting at McHenry, Elects Officers for '49

Howard Gaston, as Director Is Only New Officer, Awards Given Racers

The Chain O' Lakes Boat club brought its season to a close Saturday evening with the annual meeting and election of officers, at the Riverside hotel, McHenry.

All officers were re-elected for another term with the exception of Frank Velesky, a director, who is leaving the locality and Howard Gaston of Antioch was elected to replace him.

The officers are: Eddie Zender, commodore; Victor Hofer, vice commodore; Tracy Hill, secretary and treasurer. They and E. L. Buelow, Al Gallart and Howard Gaston constitute the board of directors, along with Gus Gunstrom and Dick Harper incumbents.

Awards for championship boats which amassed the most points during this season were made as follows:

Class E racing (division 1) the Aloha of Tracy Hill; class E service (division II) The Hex of Eddie Zender; 121 h. p. class—Rollo Franzen; 103 h. p. class, the Edelweiss of Stanley Stupnor; 95 h. p. class, Missed It of Louis Bales; and 75 h. p. class, Don Olsen.

In the outboard class Dick Harper won both the C racing runabouts and the C service awards.

The next meeting of the club will be held in April of next year when plans for the new season will be made.

Scout House Dedicated to Building Of Character in Antioch Youth and As Memorial to Mrs. C. K. Anderson

Beautiful Building at 745 Main Street, To Be Center of Activity For Young People and Women's Clubs of the Antioch Area

Antioch came into possession of its new scout house through formal dedication Sunday with the remark on every hand "It's beautiful."

Valued at no less than \$30,000 the new building at 745 Main street is a living memorial to Mrs. Leila J. Anderson through a gift of \$15,000 by her husband, C. K. Anderson. It rests on a beautiful wooded lot, a gift of William Schroder, son-in-law of Mr. Anderson, and his family.

The building was made possible through the labor, materials and general aid from nearly a hundred men and women, business firms and agencies. What at the outset was to be a modest structure, ended as a building of most pretentious design and equipment.

The importance of the scout house as an instrument for building character in the young people of the community was emphasized by Dr. Preston Bradley of the Peoples church, Chicago, who as the dedication speaker declared "this is not a building to cure a wasted life; it is to prevent the tragedy of one, and will last as long as our ideals live."

Dr. Bradley quoted Judge Arnold of the Cook county juvenile court in saying that no person convicted of a major crime in his court had ever been a Boy Scout.

Building Character in Youth
"Through our boys and girls we are building the future of our state and nation," said Dr. Bradley. "Here we welcome every religion, every faith; that is a part of its greatness. Honor cannot be set aside for use by one institution. Virtue is virtue, dignity is dignity, right is right, whether from Catholic, Protestant or Jew."

The average age of presidents of (Continued on page 7)

Liquor Dealers Meet at Minneapolis Hotel, Fox Lake, Seek Legislative Change

The Illinois Liquor Dealers Protective association met at the Minneapolis hotel on Fox Lake Monday, Tuesday and Wednesday of this week.

The association passed resolution seeking legislative measures in Illinois amending the dram shop act; providing minors with identification cards when they become of age; making possible the transfer of licenses with the sale of taverns; and removal of the restriction of contesting a local option petition.

During the closing banquet last evening the new officers were announced as follows:

Al W. Griffith, 6101 Belmont Ave., Chicago, president; Emil Beran, of Chicago, William Lutz, of Des Plaines, Stanley Johnson of Kewanee, Walter Heideke of DuPage county, and John Sabol of Streator, all vice presidents; Henry A. Bugiel, Chicago, secretary; Frank Vidmar, Lyons, Ill., treasurer; and Fritz Selter, Skokie, Ill., sergeant at arms.

Antioch Plays Warren There This Afternoon, Lost to Grayslake 26-6

Mahoney Suffers Broken Collar Bone in Saturday's Opening Game

Antioch High will meet a tough foe in Warren Township High school there at 3:30 this afternoon when the two football teams meet in their second game of the season.

The game was moved forward a day yesterday when a custodian of the Warren Township High school died and the funeral was set for Friday afternoon.

The Grunee boys have an outstanding 27 to 6 victory over Palatine to their credit while the Sequoias had a loss of their first game to Grayslake by a 26 to 6 score.

Coach Maurice Krizan said that Antioch's defeat at the hands of Grayslake was due mainly to lack of reserves.

"We had only a squad of 17 while Grayslake had many more. The warm weather was hard on everyone and we couldn't give our first string team the rest it needed," he said.

The teams played on even terms during the first half which ended 6 to 6. The Sequoias were the first to score, Tom Poulos going over the line after a sustained drive at the outset of the game. Grayslake came back in the same quarter with a score and another team scored in the second quarter.

In the third quarter the home team put the game on ice with three touchdowns, two of the conversion points being made. No scores were made in the fourth quarter.

Jack Mahoney, Antioch guard, suffered a fracture of his collar bone, and will be out of the game for the rest of the season. He will be badly missed because of a shortage of good linemen.

The annual homecoming game has been changed from Oct. 8 to Friday, Oct. 29, because not enough time was available to prepare for the dance in connection.

Originally set for the opening conference game with Palatine, the date is now for the game here with Barrington.

Antioch's conference schedule follows:

Friday, Oct. 8—Palatine at Antioch, 7:30 p. m.
Friday, Oct. 15—Antioch at Northbrook, 7:30.
Friday, Oct. 22—Grant at Antioch, 7:30.
Friday, Oct. 29—Barrington at Antioch, 7:30.
Friday, Nov. 5—Antioch at Bensenville, 7:30.

Servicenter Keglers Win From Thor's Club Villa In Match Play Sunday

Antioch's crack Servicenter bowling team showed the county that it has to be reckoned with as a leader through its defeat Sunday evening of Thor's Club Villa of Waukegan at the Recreational lanes 2760 to 2749.

Although Bill Alfano of the visitors rolled the remarkable high of 675, his teammates failed to match the consistent performance of the Servicenter group as a whole. Alfano bowled 244-199-232.

Ray Horan was high for Antioch with 595.

The results were: Servicenter, Horan 595; H. Pape 488; C. Sink 588; E. Hallwas 528; T. Gerretsen 561-2760. Waukegan, B. Alfano 675; C. Russell 494; A. Kocenin 523; R. Junewitz 515; A. Fritz 542-2749.

A return match will be bowled at the O'Farrell alleys in Waukegan, Sunday evening, Oct. 3.

Vandals Break Headstones At Hillside Cemetery

Acts of vandalism, including the breaking of several headstones, breaking of windows in the tool house at the cemetery, and throwing of the grounds with broken beer bottles and other debris, have been perpetrated during the past week, according to members of the Hillside cemetery association.

Officers of the association have notified the Lake county sheriff's office and the persons responsible will be prosecuted if their identity can be learned.

This is a recurrence of the same acts which were rife several years ago. The fact that beer bottles were found in the cemetery indicates that the vandals may not have been youngsters.

Scout Home Memorial is Dedicated

The flag is raised to dedicate the New Scout Home at 745 Main St. Sunday. The new building is the gift of C. K. Anderson, banker, as a memorial to his wife, Leila J. Anderson.

Triplets Three Weeks Old

Now three weeks old the triplets born to Mr. and Mrs. John Zemanek of Petite Lake, at St. Therese hospital in Waukegan, continue to thrive. They were born two months prematurely and have been protected by incubators. They have been named Dawn, Jan and Dan.

If Price Control Came Back

Every argument in favor of price control falls flat when it comes up against this fact: You can't make a man produce at a loss, or sell goods for less than it costs him to buy and handle them.

Most price control schemes call for rolling all prices back to the level of some specific period—last year, for instance. Yet, since that time, we have had another round of wage increases. We have had continuance of gigantic spending by the government, which is one of the surest of all ways to keep inflation going. We have had a tax reduction, which means that there is more money available to compete for goods.

If price control were to go into effect tomorrow, what would happen? The manufacturers of most commodities make a profit of around six per cent—so if they earned nothing at all the cut in prices would be too small to be noticed. The retailers from whom you buy earn, as profit, two to five cents out of each dollar you spend with them. All the rest goes for stock, payrolls, rent, taxes, and so on. So, if they worked for the love of the game alone, your budget would be cut very little. The worker certainly isn't going to take a pay cut in order to bring prices down. As a consequence, we would have fewer goods and goods of poorer quality—and more and more items

would be siphoned off into the black market where the price charged is every penny the buyer will cough up.

In an economy where thousands upon thousands of manufacturers and retailers are competing for the public's business no one can peg prices. They find their own level. And that level, whether it be high or low, is determined by the times.

The Low Down From Hickory Grove

On our way into town yesterday we stopped for a squint at a freight train—diesel engine on it. I will stop any place to see a train—I used to railroad some—was with the Santa Fe, Got my Susie there in Kansas—at Topeka—where I was climbing around, over and under the roundhouse checking the electric wires.

But this freight train yesterday—it had 3 cabooses. Imagine that—3 cabooses, and about, I reckon, 6 or more brakemen—and the whole train equipped with air-brakes. It made a nice ride for the excess brakemen—but it is a law in our State—so many cars, so many brakemen and cabooses. Anybody delving into the cost of living and figuring how freight rates can be involved in same, can count the "full caboose" law as one of the culprits—with its feather-bed brakemen.

But for the future, the railroads have not been asleep. A 100 years ago, towns would shut up shop and celebrate when the first train puffed in—but as they grew and became prosperous they forgot the railroad. Today, these same towns, as a nice gesture—and as a novelty—could take another day off and give the old iron horse another nubbin, and pat on the back.

Yours with the low down,
JO SERRA

WILMOT

Mr. and Mrs. Walter Frank spent Saturday evening with Mr. and Mrs. Herbert Peterson.

Mrs. William Bennett, Mrs. Kate Schenning and Rose spent Sunday at the Brookfield Zoo.

Mrs. Charles Hefner, of Burlington, spent Sunday with Mr. and Mrs. Mike Seitz.

Mr. and Mrs. Mike Seitz, Arlene, and Rose spent Sunday afternoon with Mr. and Mrs. Charles Seitz, of Antioch.

Wilmot High school football team defeated Kenosha 12 to 6 Friday evening. They play East Troy at Wilmot Friday evening, Sept. 24.

Special award winners from the music department of Wilmot High school during the past three years were entertained with a dinner at the Colony House by their director, Bessie Barnes. Those who received the awards are Jerry Bernhoff, Virgil Falt and Bernice Roberts of Class '46; Marilyn Axtell, Marion Axtell, Thaine Lasco and Carolyn Schmidt of Class '47; Jerry Bay-singer, Mary Lou Minshall, Jack Pearce, Helen Stockwell, Charles Wilton, Marilyn Krahn, Joan Vogel, Arla Pankin and Bob Beland, of the Class of '48. Guests of honor were Angelo LaValle, the director of Music at Wilmot, his wife, and Marilyn Meyer, a senior member of the current band. Miss Meyer was extended the invitation as a reward for perfect attendance at summer rehearsals of the Volunteers. Plans were made for the award winners to organize as a club to foster the continuation of local music after graduation, and Mr. LaValle was asked to collaborate with them in a petition for an honor roll of award winners to be posted in the band room.

Harold Pacey, Charles Stoxen and Frank Haase are spending a week in Northern Wisconsin.

Mr. and Mrs. Carl Koppow, of Adrian, Minn., are visiting relatives in the community.

Mr. and Mrs. Elmer Rasch and family attended a family picnic at Lyle Rasch's of Oak Knoll Sunday.

Mr. and Mrs. Harold Larsen, of San Carlos, Calif., spent Friday with Mr. and Mrs. Ervin Rasch.

Mr. and Mrs. C. O. Hart, of Mason City, Ia., Mr. and Mrs. George Pughe, and daughter, of Washington, D. C., spent Wednesday with Mr. and Mrs. Ervin Rasch.

Mr. and Mrs. Henry Daniels spent Sunday evening with Mr. and Mrs. Bert Richters, of Wheatland, and Mr. and Mrs. Matt Weis, of Brighton.

Mrs. Henry Daniels spent Wednesday with Mr. and Mrs. Cletus Daniels of Brighton.

Mr. and Mrs. Leo Kuleza and son, of Loon Lake, spent the weekend with Mr. and Mrs. Herbert Peterson.

Mrs. Al Van De Walker and son, Wayne, of Crystal Lake, spent Sunday afternoon with Mr. and Mrs. Henry Vincent.

Mr. and Mrs. Neil Quake and sons, Mrs. Wm. Quake, of Genoa City, spent Sunday with Mr. and Mrs. Herbert Peterson.

Mr. and Mrs. Jack Schenning, of Chicago, spent Sunday with Mrs. Kate Schenning.

Mr. and Mrs. Richard Bauman, of Woodstock, spent the weekend with Mr. and Mrs. George Higgins.

Mr. and Mrs. George Gifford, of Genoa City, spent Sunday with Mr. and Mrs. George Higgins.

Mrs. Peter Van Slochteren entertained twenty-five relatives and friends Sunday at the home of her mother, Flavia Ehler, to a miscellaneous shower in honor of Mrs. Donald Brown. Bunco was played, and lunch was served. The bride received many lovely gifts.

Mr. and Mrs. Rex Butler, Miss Rosella Butler, Mrs. Olive Doan, of Springfield, Ill., were weekend guests of Mr. and Mrs. Dan McCallum.

Mr. and Mrs. Dan McCallum and

daughter, Mary, spent Sunday evening at Lake Villa with Mr. and Mrs. Hugh Vincent.

Mr. and Mrs. Herman Frank, Beverly and Richard spent Sunday evening with Mr. and Mrs. Herman Fiegel of Oak Knoll.

Mr. and Mrs. Martin Jerde, Dawn and Marlene spent Sunday afternoon with Mr. and Mrs. Wm. Topel, Jr. of Waukegan.

Mr. and Mrs. Gus Neuman attended a pot luck dinner Sunday at the home of Mr. and Mrs. Albert Elverman, of Lily Lake, in honor of Mrs. Albert Elverman's birthday anniversary.

Mr. and Mrs. Ben Kunz and family, Mr. and Mrs. Frank Albrecht, of Fox River, moved into their new home, which they recently purchased from the Wm. Volbrecht estate.

A three fold anniversary was celebrated at dinner Sunday for the family and close friends of Mr. and Mrs. Elmer Baril on the occasion of their 17th wedding anniversary and Mr. Baril's birthday. Celebrating wedding anniversaries with them were her brother and wife, Mr. and Mrs. Lee Barnes, of Chicago.

Mildred Anderson, of Milwaukee, spent a few days with Mr. and Mrs. Marlin Schnurr.

Jack and Bill Schnurr returned to the University of Wisconsin Sunday to resume their studies.

Albuquerque, N. M. Albuquerque is the largest city in New Mexico. Here is the state university all of whose buildings are of pueblo architecture. Just outside of Albuquerque is Isleta Indian pueblo, one of the oldest.

Locomotive's Boiler

Boiler of the steam locomotive is very much like the teakettle in principle. However, since its job is to produce steam rather than merely to heat the water, it is built somewhat differently. Instead of the heat being applied directly to one flat surface, countless tubes surrounded by water carry the heat at inferno-like temperatures from the combustion chamber to the front end of the boiler.

Diesels For Argentina

Ninety-five diesel-electric locomotives will be supplied by General Electric to the Argentine state railways system during the next three years. Deliveries are to begin early in 1949. The \$18,000,000 contract covers 60 single-unit and 35 double-unit engines, plus spares, and marks an important step in Argentina's five-year program of improvement of rights of way and rolling stock.

Rocky Mountain Park

Reached over an excellent system of paved highways only 50 miles northwest of Denver is Rocky Mountain national park. Possessing some of the most thrilling mountain scenery on the entire continent, the Rockies here tower endlessly above secluded, lake-studded canyons. Long's peak reaches an elevation of 14,255 feet. The park contains 405.34 square miles, and was established in 1915.

LAKE VILLA

(Written for last week)
Dr. W. E. Bradburn, Supt. of the Methodist churches in northern Illinois, was guest speaker at the Community church last Sunday and Mrs. Bradburn accompanied him to the services.

Rev. Theodore E. Rodd, formerly of Cleveland, Ohio, and a graduate of Oberlin College has been appointed pastor of the Community church and he and his family consisting of his wife and two small daughters, have already moved into the parsonage. He will deliver the sermon at the worship service next Sunday at 11 a. m., and the people of Lake Villa welcome them to this community.

Mrs. Martha Madson and Mrs. Anna Martin began their duties at the school this week to serve hot lunches, which the pupils enjoy so much.

Larry Williamson, who spent some time recently as a medical patient at St. Theresa hospital, was able to return home last week and is improving.

Ground has been broken and basement cemented at the beginning of a new house for the Lester Hamlin family on Grand ave., near the Public Service building.

Mr. and Mrs. Alfred Hanson and two grandsons, Jackie Choje and Kenneth MacDonald returned last week from a very pleasant trip into Northern Wisconsin and northern Michigan. They visited the Harry Sorenson family at Ironwood, Mich.

Mrs. B. J. Hooper and daughter, Mrs. E. J. Langbein were Evanston visitors on Monday.

Mrs. C. D. Anderson, of Burnett ave., had her sister from Chicago as guest late last week, and while there was taken very ill and is under the doctor's care.

Miss Katherine Gindich, who was a freshman at U. of Wis., at Madison, last year and has been at U. of Calif., Los Angeles for summer course spent a few days last week

with her parents, Dr. and Mrs. Gindich, she left the first of the week to take up studies at U. of Illinois this year.

Mr. and Mrs. Wm. Weber drove to Northfield, Minn., last Thursday and their daughter, Sue, enrolled at Carleton college for the year. A few days were spent in getting acquainted and she began her studies on Monday. Mr. and Mrs. Weber returned on Friday.

Duke Weber began his studies at Lake Forest Academy on Tuesday this week. He is a sophomore this year.

The Cedar Lake Improvement association sponsored a public dance at the pavilion at Sherwood Park last Saturday night and a good crowd attended and enjoyed the square dancing as well as the popular dances.

The Royal Neighbor Officers public card party was held Wednesday afternoon last week at the Tweed home at Monaville and Mrs. Ollie Tweed and Mrs. Laura Galiger were the hostesses. Seven tables of 500, buncos, and pinocle were played. Prize winners were Marie Hamlin, Ida Ahlander, Ollie Tweed, Anna Nader and Helen Fish.

Mrs. Anna Kelly, of Antioch, was guest of Mr. and Mrs. Charles Kelly on Sunday.

The reception given for Mr. and Mrs. Edward Kelly at the Blumen-schein home last Sunday was attended by many of their friends and the young couple received many nice gifts. They have gone to Lincoln, Nebr., where Edward, under the G. I. Bill of Rights is continuing his education. His wife is also in school.

Kenneth Blumenschein has severed his connection with the Peterson store and he and his brother, Gordon, are in business for themselves with a jeep ditch digger and building stone.

The foundation is being made ready on Burnett ave., for a new home for the Bill Gallagher family.

Farm Water Systems
Farmers who think a home water system too expensive to install should consider the convenience it will provide over the years. A pump and electric motor should last 15 to 30 years, and good plumbing 40 to 50 years.

Sewing Machine Care
To oil a sewing machine, put oil on every place where one part rubs or turns within another. Run the machine for a few minutes and then wipe off the excess oil.

Washing Wool
Wool needs very gentle treatment when wet to prevent shrinking. Therefore, wool should be washed in the shortest possible time, never over five minutes and less if possible in a washing machine. Very often it is safer to wash wool articles by hand.

Penalty for Murder
Only six of the states have abolished the death penalty. In 24 states the electric chair is the lethal instrument. Nine states still hang convicted murderers, eight gas them to death, and Utah grants a choice of hanging or shooting.

Mrs. James Madison
Mrs. Dolly Payne Madison, wife of President James Madison, was born in 1772 and died in 1849. She was a daughter of John Payne of North Carolina and was raised a Quaker. Her mother, Mary Coles, was a cousin of Patrick Henry.

★ COME AS YOU ARE. This is fun for everybody without dress-up bother.

★ DO BRING THE CHILDREN. It's easier and cheaper to bring the children than leave them home with a sitter. Children under 12 admitted free.

★ NO BOX OFFICE LINE. Uniformed ticket girls will buy your ticket and hand you the change in your car.

★ "BOULEVARD" PAVED PARK. Hard surfaced theatre park. No mud. No dust. No loose stones.

★ PERFECT PICTURE PRESENTATION. Giant, brilliant pictures can be seen easily and plainly from every car location.

★ SPEAKER INSIDE YOUR CAR. Hang it on your steering wheel or window without getting out of your car. Regulate it yourself—as loud or soft as you please.

★ REFRESHMENTS-SNACKS. Available when you want them at central refreshment building. Fine foods, refreshing drinks, ice cream, candies, etc., at popular prices.

★ REST ROOMS. Centrally located, modern, clean and spacious rest rooms. Drinking fountains. Everything for your convenience and comfort with uniformed attendants to serve you courteously.

★ RAIN OR CLEAR. No chance for the weather to spoil your fun. Powerful projectors make pictures clear even on rainy nights.

★ CHOICE SEATS. Your car provides choice, restful seats, and every member of the family has a good view.

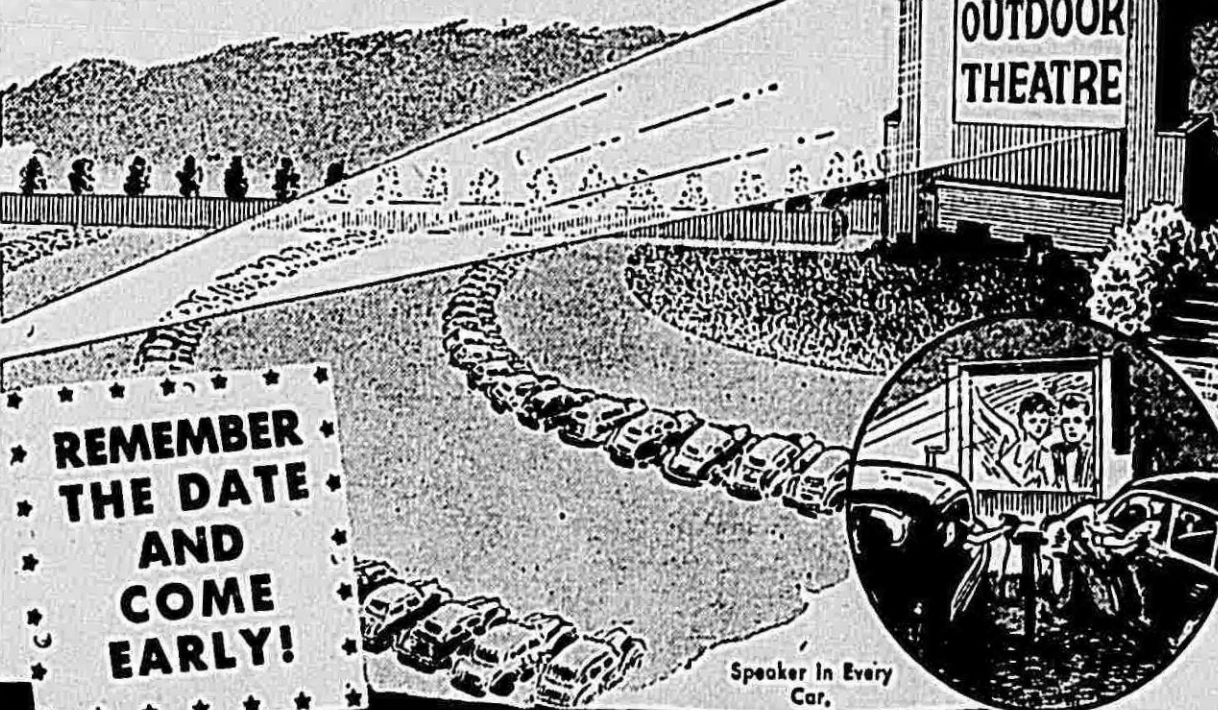

Come Just as You Are • Relax in Comfort!
Enjoy the World's Finest Movies
in the Privacy of Your Car!

Perfect View for Everyone.

Open this week—ready for your enjoyment—the new Family Outdoor Theatre, at Grayslake—the finest entertainment and recreation spot in Northern Illinois for mother, dad and the children. Come and see the best in motion pictures, out of doors, under the stars! Drive your car right in and enjoy a fine show in the comfort of your car. No dress-up. No parking problem.

Come early! Come often for the picture is only part of the entertainment. Double the fun. Double the enjoyment with the family group together and fine snacks and refreshments handy for good old-fashioned picnic fun.

LAKE VILLA

The Official Board of the Community church will hold its first meeting with the new pastor, Rev. T. E. Rodd, at the church basement on Friday evening this week at 8 o'clock. A social hour will follow.

Promotion services for the Sunday school will be given at the church next Sunday evening, Sept. 26, at 7:30 and the children of the school will present a program which should be of much interest to the parents who are invited to attend.

The Methodist Youth Fellowship will attend a rally of M. Y. F. at North Central College at Naperville next Sunday afternoon, accompanied by Rev. Rodd. The group held their first meeting with him at the church last Sunday evening.

The Woman's Society of Christian Service canned fruit and vegetables at the church kitchen on Wednesday this week, to be taken to the Lake Bluff orphanage later. If you have any jars of fruit or vegetables to add to this collection, it may be left at the church.

The Halcyon club of young women met at the church last Thursday evening and Pres. Betty Reidel conducted the meeting. There was a good attendance and plans were made for a card party to be held at the village hall on Friday evening, Oct. 8, to help with expenses connected with the parsonage. Reports of recent fashion show and bake sale were given. A committee consisting of Betty Reidel, Helen Avery, Ruth Karolius and Delores Cremin served refreshments.

Mrs. Clarence Blumenschein was a Kenosha visitor Monday.

The Lake Villa P. T. A. held the first meeting of the school year at the school gym last Monday evening with Wm. Vitarille, pres., calling the meeting to order. After the business session, a dramatic skit was presented showing the importance of the P. T. A. in the community and its real meaning. The library, under leadership of Mrs. Matilda Bartlett, Mrs. Aileen Burt and Mrs. Avis Hamlin is progressing.

Mrs. B. J. Hooper and Mr. and Mrs. Edward Langbein and children spent Saturday with the Traver Ellis family at Belvidere.

Several ladies of the W. S. C. S. attended the luncheon at Lake Bluff Orphanage last Friday and contributed to the Country Store sales.

Mrs. Russell Nickerson and Donna spent the past week at Galena, Ill., with Mrs. Nickerson's mother, who is very ill, but improving.

Mrs. Hans Nelson of East Shore Gardens, is in Chicago this week with her granddaughter, whose parents are in Minneapolis on business.

Michael George Adamek, small son of Mr. and Mrs. George Adamek was baptized last Sunday at St. Peter's church in Antioch.

Miss Laura Reinebach, of Chicago, was the guest of her brother, Carl Reinebach, and family over Saturday and Sunday.

Lightning struck the Bennecke, Sr., home on Villa Woods subd., during the storm Sunday night, damaging the roof, tearing out insulation and splintering the side of the piano, but luckily no one was injured. The damage is covered by insurance.

The Boy Scouts, with their leader, David Shrum camped out at Colonial farm, near McHenry last Friday night and only a few got a little bit wet before morning.

The Lake Villa Community Men's club enjoyed a roast beef dinner prepared and cooked by the W. S. C. S. and served by the Halcyon club at the school gym on Tuesday evening last week.

The Soo Line has added new Diesel engines to its railroad equipment.

Secretaries Have Good "Chance"

It is reasoned that well trained and well groomed secretaries have excellent marriage prospects because they work so closely with men. Secretaries need not dress expensively, like show girls, to impress an employer but they should be crisp looking at all times. To be avoided are, glaring nail polish, short sleeves, chewing gum, skimpy skirts, seductive necklines, high heels and jewelry that jangles. Says the director of a secretarial school.

"Almost Human"

Latest vending machines can perform all the functions of a store clerk, except for his comments on the weather. For example, an electrical cigarette vendor not only accepts and totals the value of various combinations of coins, but also examines the money and determines whether or not it is valid currency.

Anti-Cormorant Program

Seabirds such as the gull and cormorant destroy millions of pounds of seafood annually along the coast of Maine. A gull and cormorant control program has now been instituted to decrease the population of these birds. Eggs in the rookeries are sprayed, and the eggs thus sprayed do not hatch.

All Steel Coaches

First all-steel passenger car operated on a steam railroad was the "City of St. Joseph," a private car built in 1888. First all-steel baggage car was placed in service in 1904. First all-steel passenger coach employed in steam railway operations was introduced in 1904.

Hooks big catch at fish rodeo

This is one fish story August Juetter, 10416 S. Talman Ave., can tell and it won't be about the one that got away. Entered in Illinois Department of Conservation Fishing Rodeo, angler catches "jackpot fish." At conservation headquarters, 180 N. LaSalle St., he displays prizes won. Rodeo ends Oct. 15 but there are still many prizes to be placed in a fisherman's creel. (SUN-TIMES Photo)

Sweet Alyssum

Sweet alyssum is an important garden accessory. Its real purpose is to accent-to edge borders and paths and to point up other garden flowers and shrubs. There are several varieties of sweet alyssum, ranging in height from four to 12 inches. Height is an important point to consider in making the selection, since shearing is necessary for continuous bloom. Plants that are too low for shearing—those that grow to a height of only four or four-and-a-half inches, for example, will go to seed early in the season.

Pike's Peak Best Known

Pike's Peak, towering over Colorado Springs, is the best-known though not the highest of the Rocky mountain peaks in Colorado. A summit of the Rampart range, it lifts its snow-capped peak 14,108 feet above the sea and is covered with pine forests to a height of 11,000 feet. During the summer season the ascent of the peak can either be accomplished by car from Colorado Springs and Manitou over a well graded and extremely scenic thirty-mile highway, or by cog railway nine miles in length.

GOLDEN BULL FARM AUCTION

Located 2 miles north of Wauconda, Ill., on U. S. Route 12 on FRIDAY, OCTOBER 1, AT 10 A. M. SHARP COMPLETE DISPERSION OF STRONG GOLDEN BULL SCOTCH SHORT HORN HERD Which has become known as the headquarters for the Perth Champion Millhills in the United States.

Other small buildings such as office, milk shed, garage and machinery house, fitting barn, farrowing house, remodeled for beef cattle with 20 head capacity, a 27 ft. 9 in. x 39 ft. 8 in. beef cattle shed with a sale pavilion 26 ft. x 54 ft. with grandstand (400 seating capacity).

"ANOTHER THORP SALE"

Sale of machinery and crops clerked and financed by THORP FINANCE CORP., WOODSTOCK, ILLINOIS American National Bank & Trust Co., Trustees Hamilton James, Charles Leonard and Ed Vogel, Auctioneers LUNCH WAGON ON GROUNDS

Housing in Eureka Springs

Tourists are always amazed when they learn that 40 per cent of the population of Eureka Springs, Ark., lives below street level. But the answer is simple. An average house looks to be one-story when seen from the street. From the side, however, it can easily be seen that it is really five stories, the others extending down the side of the mountain.

Vertical Sun Dials

Sun dials seldom are mounted these days in an upright position. There are, however, many vertical sun dials to be seen on the walls of English and Scottish churches. In America, the most famous vertical sun dial is on the wall of the beautiful Bok singing tower, Lake Wales, Fla.

Carlsbad Caverns

Man is a dwarfed, insignificant creature in the big room of Carlsbad caverns national park, Carlsbad, N. M. This great cavern is 4,000 feet long, 625 feet wide and arches to a maximum height of 350 feet. It is visited on a seven-mile guided trip to the first level, which is 784 feet underground.

Soy Bean Yarn

Yarn now is being manufactured from that versatile plant, the soy bean. Intensive research is being done on soy bean products in nearly every country of the world.

Using a Crowbar

Principal hazard in the use of crowbars is encountered when the bar slips, causing the user to fall or the bar to fall on his foot. This is generally due to not placing the point of the crowbar under the object to be moved, or because the point of the crowbar is dull and does not readily grip the object.

Importance of Salt

It was the need for salt that drove men to conquer the deserts of Arabia, Africa and China. Even the coinage of certain countries at one time consisted of blocks of salt.

SOCIETY EVENTS

Miss Rosalie Sibley Is the Bride of Richard R. Carter

Miss Rosalie Sibley, daughter of Mr. and Mrs. N. E. Sibley, 311 Brooks St., Dayton, Ohio, for many years residents of Antioch, became the bride of Richard R. Carter, son of Mrs. Dayton Paul Carter and the late Mr. Carter of Indianapolis, Ind., at recent rites held in Grace Methodist church in Dayton. The Rev. Foote officiated at the double ring service. Miss Mary Lou Sibley, of Evanston, was her sister's maid of honor.

Following the service a reception was held at the home of the bride's parents. Mrs. Carter attended the Columbus school for Girls and was graduated from DePauw University, and at the present time is connected with the Inland Corporation in Dayton.

Mr. Carter and his bride will move into their new home in Dayton after they return from a wedding trip in the Smokey Mountains. Mr. Carter will resume his studies at the Dayton Art Institute.

MRS. SHEARER ANNOUNCES ENGAGEMENT OF DAUGHTER

Mrs. James F. Shearer, of Grayslake, announces the engagement of her daughter, Mary Ann Fisher, to Robert Christopher Hughes, son of Mr. and Mrs. Alexander G. Hughes of Antioch.

Her engagement is announced at this time, to coincide with the fiftieth wedding anniversary of her maternal grandparents, Mr. and Mrs. Leslie James Muford, of Chicago, which was celebrated Sept. 21.

Miss Fisher is the daughter of Leslie Marshall Fisher of Des Moines, Iowa.

O. E. S. PAST MATRONS ENTERTAINED KAYE HOME

Seventeen members of the Eastern Star Past Matrons club were entertained at the home of Mrs. Eva Kaye Thursday evening with Mrs. Jean Ferris as assistant hostess.

Four tables of bridge was in play. Mrs. George Bacon was awarded the card prize for highest score. Lunch was served by the hostesses.

MISS MUSCH SURPRISED ON BIRTHDAY

Several friends and relatives of Miss Lillian Musch gave her a surprise birthday party Tuesday evening at her home on Lake Street. Delicious refreshments were served and a social evening was enjoyed.

Walter Kuligowski Enrolls At Lake Forest College

Tentative figures released by Lake Forest college's registrar, Miss Marie J. Melroy, show that enrollment will somewhat exceed 850, the largest number ever tallied on the school's regular session records.

The figure is based on the former student total plus new students who are registering today at the college's New Student conference. Registration will not be completed until Sept. 22 when former students arrive on campus. Class will begin Sept. 23.

Antioch's new student who registered at the college Monday is Walter Kuligowski.

Sue Barnstable, eight-year old daughter of Mr. and Mrs. Vern Barnstable, who suffered a broken wrist a week ago, is improving rapidly and is back in school.

Mrs. William Musch and daughter, Mrs. Hazel Britton are vacationing in Bridgman, Mich., with Mr. and Mrs. Rheindolt Ott and family. Miss Lillian Musch and Richard Burnette spent Sunday at Bridgman, with the Ott family.

Mr. and Mrs. Stuart Cooper, of Maquoketa, Iowa, were weekend guests of Mr. and Mrs. Frank Kennedy.

Mrs. Oren Hostetter and children, of Hebron, spent Sunday with Mrs. Hostetter's mother, Mrs. Nellie Hanke. Other guests of Mrs. Hanke's Sunday were Mr. and Mrs. Cliff Gartley of Waukegan.

Mrs. Alfred Smith, of Grayslake, was the guest of her sister, Mrs. Nellie Hanke, Thursday.

Mrs. C. E. Hennings, Mrs. Ida Osmond and Mrs. Luster Badger representatives of the Antioch Woman's club spent Monday evening at Downey hospital entertaining disabled veterans. They treated the boys to home made cup cakes, candy, cigarettes and ice cream.

Mr. C. K. Anderson entertained a number of friends from Chicago, Waukegan, Kenosha and Antioch following the Dedication of the Scout Home Sunday at his Channel Lake home.

Mr. and Mrs. Otto Dirla, of Los Angeles, Calif., were guests of Mr. and Mrs. Fred Wohlfell, leaving Tuesday for a trip through the Eastern states and Canada before returning to California.

In Memoriam

Cpl. Allen Dean Hanke, killed in

Catherine Tinker Is Bride of George W. Bartlett Monday

The Rev. E. William Strauser heard the nuptial vows of Miss Catherine Tinker and George W. Bartlett at rites held in St. Ignatius Episcopal church Monday afternoon.

Mrs. Mary Jane Steele was her sister's matron of honor and Clayton Bartlett served as his brother's best man.

The couple will reside in their new home in Antioch after a wedding trip to northern Wisconsin.

Mrs. Bartlett is a graduate of Kenosha high school and is a supervisor with the Illinois Bell Telephone Company. Mr. Bartlett is a graduate of Antioch Township high school and of Chicago Technical College and is employed with the Public Service Company.

Mrs. Richey V. Graham, 1341 Park Avenue, River Forest, assisted by her daughter, Mrs. Thomas C. Hope, entertained seventy-five guests at a luncheon and bridal shower at the Illinois Athletic club, Tuesday in honor of Miss Patricia Lang, daughter of Mr. and Mrs. Frank Lang, who will be married September 25 to Mr. S. G. Atwood, of Rockford, Illinois.

Methodists to Observe National School Week

The Antioch Methodist church school will observe National Sunday School week beginning next Sunday, Sept. 26, Superintendent B. G. Guillaume states: "I sincerely hope every boy and girl in Antioch will attend some church school next Sunday morning. It would be a fine act if the parents would attend with them. It is only fitting and proper to have the entire family in church school on this special day."

It will be promotion Sunday at the Methodist church school. Perfect attendance pins will be awarded to the students having perfect attendance. The majority of the students will receive attendance pins for a years perfect attendance. There will be special pins awarded to students for perfect records ranging from two through seven years. Jane and June Hunter will receive seven year pins for their perfect record of seven consecutive years of Sunday school attendance.

The third grade class will be promoted from the primary department to the Junior department. Each third grade student will be given a beautiful bible for his achievement.

Sunday, Oct. 3, will climax the National Sunday school week. The Methodist Church school teachers and the official board will attend a pot luck dinner at noon. Rev. Ralph Hall Collis, Executive Secy of the Board of Education of the Rock River Conference will bring out a talented group from the Methodist Conference as guests of the church school. The instructors will conduct a teacher's training course for all departments of the Antioch school in the afternoon.

Mrs. Alice Freeman returned home Saturday from a vacation and trip to the Canadian Rockies.

Misses Mae Setek and Doris Edwards returned this week from a week's vacation and trip to Detroit, Buffalo, Philadelphia, Washington, D. C., and New York City.

Mrs. John Horan served as installing officer for the American Legion Auxiliary at Highwood Monday evening. Mrs. Al Swenson accompanied Mrs. Horan and attended the installation.

LIBRARY NOTES

Bernard DeVoto is unequalled in his interpretation of the history of the Far West. Into his works go a careful selection of sources and a feeling for the drama of the events that shaped America's Westward expansion. His newest work "Across the Wide Missouri" is a chronicle of the fur trade, with its battles among the "mountain men", the rival companies, and the unhappy Indian. The pictures of Alfred Jacob Miller, a young Baltimore artist who painted in the West in 1837-38, beautifully illustrates Mr. DeVoto's story. "Across the Wide Missouri" was presented to the Antioch Township Library in memory of Ray Jensen. The library now has available for circulation a government publication discussing the Blue Cross and Medical Service plans.

Maine Hunters' Bag
Maine hunters bagged 120,000 rabbits and more than 100,000 partridge in 1947. Actual returns from checking stations showed a deer take of 30,349. About 12,000 pheasants were bagged, while only 500 geese fell to hunters' guns in Maine last year. Figures were compiled from a sampling of 20,000 license holders, which proved even more accurate than anticipated, as the wildlife census questionnaire totaled 31,000 deer taken, as against the checking station deer take of 30,349.

Purely for Sport

Cats go after rodents purely for the sport of it. The approach has a lot in common with the big game hunter. The cats proceed in their own individualistic way and in their own good time. It is quite untrue that hungry cats are good mousers. The best are the well-fed cats, but well-fed on a more appealing diet than rodents would provide.

Frozen Milk

Fresh milk is outstanding in the frozen foods group. Frozen milk may be shipped long distances, and when thawed is said to compare favorably with fresh whole milk.

Card of Thanks

We wish to thank our many friends and neighbors, Dr. A. N. Berke and the Antioch Rescue Squad for the flowers and for the many acts of kindness and sympathy shown during our recent bereavement.

Mrs. Patricia Maplethorpe
Mr. and Mrs. Arthur Maplethorpe
Mary Jean and Tod
Mr. and Mrs. James Maplethorpe

Card of Thanks

The parents and grandparents of Billy Johnson want to thank the rescue squad, Dr. Berke and Dr. Goldie for saving Billy's life.

Florence and Bill Johnson
Mr. and Mrs. Fred Rueter
Cross Lake adv.

Australia's Big River

Australia's great, snow-fed river, the magnificent Snowy, tumbles swiftly through wild gorges and rugged hills at 2,400 cubic feet per second, describing from its source in New South Wales in the Australian Alps a great question mark loop before reaching the Pacific on the Victorian coast at Orbost. At last the great river is to be harnessed and the big question is, will the water be used to produce more Australian yellow peaches or more "white" power.

Farm Workers' Production

Each farm worker now produces enough agricultural products to support himself and more than 13 other persons. In 1920 one farm worker supported himself and nine others.

Unsafe Smoking Places

There are certain places about the home where smoking should not be permitted under any conditions. These include barns, garages, and other places where there are materials which flash or burn readily. Smoking in bed is a decidedly unsafe practice. Many people lose their lives because of it.

Highway Construction

Postwar highway program is steadily gaining momentum. Construction expenditures for federal, state and local highways are expected to reach \$1,500,000,000 this year. Highway expenditures will represent some 40 per cent of all public construction.

Scout House

(Continued from Page 1)
the United States has been 55 years, so we in 40 years may expect to choose our president from some 15-year-old boy alive now. He is here or somewhere else in the United States, now. To that boy we dedicate this building, a thing of beauty for Antioch, and for the future welfare of our Republic," he said.

The speaker said he had little confidence in the immortality of granite monuments, but declared that the Scout house is a living memorial. "It is something alive," he said.

Anderson Pleased With Aid

Dr. Bradley was introduced to the large audience by C. K. Anderson, donor of the building, who said that he was pleased that the widely known pastor and radio speaker would take time from his busy routine to take part in the dedication. He said that he had known Dr. Bradley for 30 years. Dr. Bradley mentioned that he had performed the ceremony in which Mr. and Mrs. Schroeder were married and had been at the bedside of Mrs. Anderson during her last hours.

In accepting the deed and keys of the building in his new capacity as president of the Lella J. Anderson foundation which will supervise the building, Mr. Anderson said:

"I wish to thank the craftsmen who did so much work on this project and all of the good people who gave of their services, their time and advice without charge. This hall was built by the community, for the community but of course the scouts come first, always. I hope it will predominate for the welfare of the community. If this memorial building will build character through Scout work, all our efforts will be well repaid."

Appoint Custodians

To Boy Scout Leader Harold Cardiff and to Girl Scout Leader Mrs. A. H. Kaufmann, custodians, he gave the keys to the building for the use of their organizations and that of the women's clubs.

Dr. D. N. Deering, as head of the building committee, served as master of ceremonies. He reviewed the history of the building from the time of its birth as an idea at the Lions club dinner for the Boy Scouts at the Methodist church, Oct. 13, 1947, through the subsequent meeting with Mr. Anderson at his home on the following Nov. 16, and the turning of the first spadeful of dirt on May 17 of this year. The actual construction of the building took four months and two days. It was supervised throughout by the committee comprising Dr. Deering, Mr. Cardiff and Howard Gaston, editor of the Antioch News.

Dr. Deering read an extended list of those who had contributed labor, time, or materials to the building of the scout house and said that the list with the sound recording of the program would be placed in the corner stone for future reference. Those whom he failed to mention will be included as rapidly as it is known.

Program Is Recorded

The program was projected from the porch of the building. Seats were provided within the building for those not able to stand in the heat of the outdoors. Lack of space made it necessary for some of the participants to perform from across the street, but the program was successful despite the steady stream of traffic on Main st., an arterial highway. Several selections were played by the Antioch high school band under the direction of Hans von Holwede. While the band played the national anthem a flag was raised on the staff in front of the building, and the 150 boys and girls of the scout organization participated in the pledge to the flag.

The Rev. L. H. Messersmith gave the invocation. Acceptance of the building in behalf of the village was given by President George B. Bartlett who recalled the days when Mrs. Anderson, daughter of a local merchant, was active in community affairs, and said that the beauty of the building was emblematic of the beauty of the life she lived.

Father Leonard, taking the place of Father Francis M. Flaherty, who could not be present, addressed the boys and girls of the scout groups telling them that if they fulfill the scout law they will fill the heart's desire of the donor.

"A good boy scout will never become a delinquent," said he.

Evanston troop No. 24 Boy Scouts, one of the many troops present at the Scout Roundup, entertained with drum and bugle music and with baton twirling.

Following the benediction by the Rev. E. William Strauser, several hundred persons including many distinguished visitors from various parts of the county inspected the new building.

Many telegrams and letters of congratulation have been received by Mr. Anderson since the dedication, and among them was a letter from Mrs. Chas. Egbert of Coral Gables, Florida, saying in part, "Lella's life was lived in accordance to the oath of the Scouts, unselfish, gracious, generous and always willing to do for the happiness of others." This sentiment was expressed in various forms in most of the letters, and all said that the memorial was a fitting one.

Scout Home Committee

Committee responsible for the new Scout house includes (left to right) Harold Cardiff, Scout Master; C. K. Anderson, donor; Howard Gaston, Dr. D. N. Deering, chairman. (Photo Courtesy of Waukegan News Sun)

HELLO FOLKS:

By Ray Cobb

The American Legion Convention is over and the Antioch Legion Post 748 returns to work with a vigor inspired by all the fun we had. Fellow Legionnaires from all over the state met in Chicago for four days to compare notes on the work completed since last convention.

Our Rifle Squad entered in competition with eight other squads, and took fourth place, with a prize of \$25.00. Two Marine officers gave each squad a very rigid inspection. Although some of our members were unable to attend, we made a fine showing.

Governor Dwight H. Green, a fellow Legionnaire, was present to march in the parade. A note of commendation to Henry Hanson, 10th District Chaplain and Ritual officer, who served in this office for 19 years. He is now resigning from this office and our thanks go to him for a fine job. We, his fellow members, are proud of him.

Old Father Stork has visited two of our post members. Mr. and Mrs. Lee Ipsen are the parents of a baby boy, Brad Charles Ipsen, born Sept. 4, 1948. Mr. and Mrs. Al Sorenson are the parents of a baby girl, Mary Lou Sorenson, born Aug. 26, 1948. Mr. and Mrs. John Blackman are the proud parents of a baby boy, Thomas Brad Blackman, born Sept. 14, 1948. Congratulations from all the post to you lucky people.

The Antioch Boy Scout Troop 91 sponsored by the Antioch Legion Post 748 has one of the largest memberships in the Northwest District. H. M. Cardiff, scoutmaster, invites all boys over 12 years of age to contact him, if they're interested in joining. Chuck Larsen, scoutmaster for the Cubs Troop 91 asks all boys 9-12 years of age to get in touch with him if they're interested in joining the Cub Scouts.

Rick Eckert, chairman from the Post 748, reports a rapid progress on the building of the Scout Home. Our membership drive is now on and any veteran interested in joining the Legion should come on down to any meeting. You're always welcome.

All persons having complaints over the practicing of the drum and bugle corps in the evening are asked to report to Bill Johnson, telephone 219-M-1.

Nurses in the War

When Florence Nightingale arrived at Scutari during the Crimean war and took over the care of the English wounded, the death rate for wounded soldiers was from 50 to 60 per cent. She organized all the English hospitals in the Crimea with such telling effect that the death rate fell to a point not then equalled even in times of peace: 22 per 1,000. Her noble traditions were carried on in World War II by more than 75,000 U. S. nurses who served with our armed forces all over the globe. Their efforts contributed greatly to the high health standards of G. I. Joe, reports the American Nurses' association.

Channel Islands

Channel islands were the only British homeland territory to be occupied by the Germans. Occupation lasted five years. The islands lie only 30 to 35 miles off the French coast, well within the bay formed by the Cherbourg peninsula and Brittany.

Big Grain Eaters

It has been said that if the rate of America could be controlled, enough grain would be saved that way alone to feed all the hungry peoples abroad. One of the most important steps in rat control is to make all buildings rat-proof.

Lions Zone Officer Picked

Charles E. Twadell, Jr., Libertyville, has been named zone chairman of Lions club in Zone 1, in which the Antioch club is placed, according to an announcement by Dist. Gov. Arthur J. Loutsch. Included in the zone are Waukegan, Round Lake, Grayslake, Libertyville, and North Chicago.

Ross Grows Freak Beets

L. C. Ross of Bishop st., formerly of Chicago and Venetian Village brought to the News office some home grown beet recently which were of a freak nature, having from three to six crowns. Mr. Ross received favorable mention for his exceptional crop of cucumbers and muskmelons at Venetian Village during the season of 1945.

FISHING

Fishing in northern Illinois waters is on the upswing. Reports from conservation officers in the field tell of good catches of Pan Fish and some Bass and Northern.

Anglers are also catching more tagged fish than anytime except early in the summer. There are still plenty of tagged fish left in the waters of the Chicago area.

HUNTING

Open Seasons

Squirrels—Sept. 1 to Nov. 15 inclusive.

Doves—Sept. 1 to Sept. 30 inclusive.

Rails, Gallinules and Sora—Sept. 1 to Oct. 30 inclusive except Lake and McHenry counties.

The squirrel and dove season is well under way in the Northern Zone. Reports from the northern part of Cook County show that prospects there are poor. The southern part of Cook County in the Lake Calumet area has plenty of doves and few hunters. Doves and squirrels are available in DuPage County but have to be worked for. Calumet Lake is producing good shooting on Gallinules—King, Virginia and Sora Rails. Lake and McHenry counties will again have a special season on coot, Oct. 1st to 12th, shooting hours 7 a. m. to 4 p. m. The limit has been reduced to 15 per day. Rails, Gallinules and Sora cannot be shot in Lake and McHenry counties until October 1st.

Titanium Pigment

Titanium pigment industry is rapidly becoming one of the major industries of the nation. A laboratory curiosity in 1920 selling for 50 cents a pound, titanium pigment is now sold for less than 20 cents a pound. It is used in paints, fine paper, cosmetics, nylon and rayon stockings, linoleum, soap, rubber, plastics, cement and has innumerable miscellaneous applications.

Keeping Bees

Persons who are planning to go in to beekeeping should consider first their personal reaction to stings, relations with the neighbors and suitability of their locality. In the early days bees were kept to supply the only natural sweet available, but they were also kept by some for observation, for the interest in their life and habits. Beekeeping is interesting, independent work, which may be practiced with supplementary agriculture or some other occupation. It is also a fascinating hobby.

Death Rate

There has been a great shift in the causes of death from diseases of youth toward diseases of later years. In 1940, 27 per cent of America was over 45 years of age. This group used more than half of America's medical attention and services. By 1960 those over 45 will make up almost 50 per cent of the population, and they will require much more service. In 1960, one person in 25 was 65 years of age or older; in 1980 the proportion will be one in 10.

Uncle Sam Says

What do you plan to do on "I am an American" Day this month? Listen to someone talk? Hear a band play? Of course, you'll be one of millions of Americans who will enjoy these phases of this annual event. One of the best ways to observe the day would be to do something about your own as well as the nation's security. Sign up on the payroll savings plan for buying United States Savings Bonds where you work, or if you are self-employed, enroll in the Bond-A-Month plan where you bank. America's Security is your Security.

U. S. Treasury Department

Beer for Cows

Recent report from England that addition of beer to the daily ration raised a cow's milk output to world championship level brought some pointed comments from animal nutrition authorities in Chicago. "Use of beer for dairy cattle constitutes 'artificial stimulation' and, therefore, the production record of a beer-consuming cow would not be officially recognized," declared a spokesman for the nutrition committee of the American Veterinary Medical association.

Speeding, Main Accident Cause

Exceeding of safe speeds was given as the reason for one out of every three fatal motor vehicle accidents last year, according to the accident prevention department, Association of Casualty and Surety companies. The department added that a majority of these deaths occurred on straight and wide-open highways where drivers were inclined to step on the gas.

Pure Democracy

Several thousand eligible voters, descending from mountain hamlets and remote farms into the cantonal center of Appenzell, Switzerland, each year stage the traditional ceremony of Landsgemeinde, or citizen's assembly, just as they and their forebears have done for the past 600 years. Landsgemeinde dates back to 1291 when Switzerland was established as a republic. Voting is done by a show of raised hands.

Insects Cause Food Loss

Insect pests reduced cottonseed production last year by an amount which would have provided 4,500,000 people for a year with as much fat as now is included in European diets. Each 100 pounds of cottonseed meal will replace 250 to 300 pounds of grain when the oil meal is used for livestock feed. Some authorities estimate that control of insects that attack corn would add 100 million bushels to annual yields.

Automobile Trailers

There are about 750,000 automobile trailers in the United States. A great many of these are in service as either temporary or "permanent" housing. Construction of trailer coaches this year is expected to result in 100,000 new units as against 72,000 last year. A coach that will sleep six persons is now available.

Uruguay's Exports

Uruguay is located in the south-east coast of South America, with an area of 72,153 square miles and a population of about 2,235,000 people. From 1942 to 1945 the country supplied nearly 300 million dollars worth of merchandise to the United States and Great Britain and during the same period furnished the United Nations almost 500,000 tons of meat and meat products.

Bessemer Process

One of the oldest and most spectacular of all the present processes employed in steel-making is the Bessemer process. A blast of air is blown through the molten iron, and elements such as carbon and silicon are oxidized in the intense heat that is generated. Modern converters can produce about 25 tons of steel in as many minutes in a single "blow."

Cold Weather Records

The country's record low, minus 68 degrees, dates back to February, 1933, at Yellowstone park. It compares with 81 below for the Canadian Yukon, and 94 below, claimed for eastern Siberia. Admiral Byrd, reporting 90 below on Antarctica, suggests that air above the south polar plateau probably cools to minus 100 degrees.

Bow Hunting for Deer

At the end of the last fall season, the total number of arrow-killed deer during the 13 years of legalized bow hunting in Wisconsin was less than 1,000, considerably less than the salvaged illegal gun kill during the 1947 big game season. Today bowmen do not bag 1 per cent of the legal annual kill. More deer have been killed by automobiles than by bow hunters.

New British Stamps

Forty-eight British possessions, crown colonies and mandates will each issue two new stamps during 1948 to commemorate the royal silver wedding anniversary. Two designs have been chosen common to all. One will be a high value and the other a low value, corresponding to the inland letter rates. Colors will conform to the corresponding values in the current series.

Tractor Care

To keep the tractor running smoothly, one of the most important jobs is to help the air cleaner do its work. The air cleaner removes dust and dirt from the air before it passes through the engine. Farmers who clean the air cleaner and replace the oil once or twice a day when working under dusty conditions find they save money on repair bills.

Modern Navy

Two thousand civilian scientists and 2,400 graduate students are involved in the navy's program of basic research in the physical, medical and biological sciences. Approximately over 700 projects in over 150 universities and non-profit laboratories have been set up in the program, which calls for an annual expenditure of 18 million dollars.

Painting Don'ts

Don't paint without a drop cloth or paper under the pot—even the best painters splash an occasional drop or two. Don't buy cheap brushes. The hairs come out and ruin any job they are used on. Don't work with a pot more than half full. Don't pull the brush over the edge of the pot when dipping—this cleans off all the paint. Instead, pat it on the inside of the container to remove excess.

Nicotine Sulfate

Nicotine sulfate is sometimes used as an insecticide, and instances are known where persons have been injured severely by inhalation or by absorption by the skin of the fog or spray. Therefore, when using nicotine sulfate or other nicotine insecticides, one should not stand on the windward side of the spray.

Absent-Minded People

Chicago transit riders leave more than \$500,000 worth of goods on streetcars, buses and elevated lines every year, American Municipal Association reports. One of the largest sums ever lost was one million dollars in negotiable bonds left on "L" train by a South American banker. Most unusual item forgotten was a box of white mice.

Cancer in Men and Women

There seems to be a difference in the kinds of cancer which most commonly affect men and women, says the World Book Encyclopedia. In men the following organs are most commonly attacked, in the order given: stomach, liver, intestines, esophagus and tongue. Among women, cancers are most commonly found in the uterus, breast, stomach, liver and intestines, in that order.

First Automobile

It was in 1892 that C. E. Duryea drove the first gasoline-powered automobile in the United States. Fifty years later the U. S. government terminated all civilian production of motor cars because of the war. In that 50 years more than 86 million vehicles had been produced.

Mounting Fire Loss

Total of 496 U. S. cities having more than 20,000 population reported a fire loss for the year 1947 of \$177,079,182.00, amounting to an average loss per person of \$3.20 for the 55,347,534 inhabitants of this group. The 1946 figure was \$2.90.

Permanency of Calcium

Calcium is the most permanent thing in animal life. Large animal bones and teeth have remained intact for millions of years, and the only evidence we have of man's first million years is the calcium-bearing bones and teeth which he has left.

Cochise, Earliest Indians

Cochise Indians were among the earliest inhabitants of southeastern Arizona and southwestern New Mexico. Soil levels in which Cochise implements have been found indicate existence from 12,000 to 13,000 B. C. The implements most frequently found are milling stones or grinding stones.

The Sioux State

"Liberty and Union, Now and Forever, One and Inseparable," is the motto of North Dakota. Wild prairie rose is the official flower while the unofficial bird is the western meadowlark.

Mighty Steel Industry

American steel industry is now producing more than half of the world's steel. It is supplying 85 per cent of the basic processed materials used in our manufacturing. And it was less than pint-size when we celebrated our 100th birthday as a nation.

Where Sunshine Harms

Sunshine causes roofs of wood or composition shingles to weather faster on the south side of the house than on the north.

Farmers Invited to Meet And Discuss Outlook of Livestock, Hog Feeding

Will it pay to feed cattle this year? What can the hog producer expect in the way of prices for the next 12 months? What will the large corn crop do to prices?

These and many related questions will be discussed at a meeting of all interested Lake County farmers on Thursday, Sept. 23. Farm Adviser Ray T. Nicholas announces that the meeting will be held at the Farm Bureau Hall in Grayslake, beginning at 8 p. m.

Scheduled to be present and address the meeting from the Extension Service, University of Illinois College of Agriculture, will be F. A. Stewart.

A representative of a livestock marketing agency serving Chicago county of farmers will also be present to discuss current markets for fat stock and supplies and prices of feeder cattle available.

Good profits encourage farmers to go into the business of feeding livestock. Many farmers found it unusually profitable to feed stock during the past few years, Nicholas said.

"But, though cattle feeders hope to make some profits, they must expect to take losses from time to time," Nicholas said. There is no tried and proved method for avoiding some losses. However, the risk of loss can be reduced by careful study of economic conditions and planning of feeding operations.

"This outlook meeting is planned to help the local farmers size up the situation so that he can choose the wisest thing to do."

All interested persons are invited to attend this meeting.

Director, World Citizenship Col. M. Thomas Chou Spoke at Baha'i Temple

The director of the World Citizenship movement and the chairman of the National Baha'i Assembly shared the platform at a public meeting held in the Baha'i Temple, Wilmette, Illinois, at 3:30 p. m., Sunday, Sept. 19.

"World Citizenship" is the subject presented by Col. M. Thomas Chou, who founded the World Citizenship Movement in 1941 at Oberlin, Ohio, under the sponsorship of a group of American leaders including Dr. Ray Lyman Wilbur, Dr. Raymond Gram Swing and Dr. Henry A. Atkinson, "to make people aware of the fact that they are world citizens, to enable them to function as world citizens, and to work for the creation of representative world government."

Col. Chou, a native of West China, finished his education in Europe and has been director of the Labor Department Conference, Geneva, Switzerland, and teacher in technical colleges of his native land.

Tenants Protected For 3 Months Through Law Preventing Rent Increase

Tenants who have rent-increase leases expiring December 31, 1948 were reminded today by Norman B. Shogren, Chicago area rent director, that the 1948 federal rent law will continue to protect them generally as to maximum rent and right of occupancy through the first three months of 1949, subject to the eviction provisions of the rent law.

He said his reminder at this time is occasioned by reports that some landlords are urging tenants to agree to 30-day lease arrangements for the time immediately after December 31 of this year.

"No tenant need sign a new lease in order to continue occupying, for January, February and March of 1949, living quarters that he now has under a rent-increase lease due to expire December 31, 1948," said Shogren.

"The present federal rent law generally fixes the expiring lease rent as the ceiling for the first three months of 1949, and continues his right to occupancy, without lease, but subject, of course, to the eviction grounds of the rent law."

The rent director pointed out that the 1948 federal rent law is due to expire March 31, 1949, but said that congress, in enacting it, took definite steps to see that holders of rent-increase leases expiring December 31, 1948 were given extended protection for the life of the law.

He emphasized, too, that even if a rent-increase lease has been legally terminated prior to December 31, the premises continue generally to have a rent ceiling in line with the lease rent and to be subject to the rent control law.

Shogren said tenants with rent-increase leases under the 1948 law, which extended at least through December 31, 1949, are not concerned with his present reminder.

HEALTH HINTS for LIVESTOCK

LIVESTOCK DISEASES CAUSE HUGE LOSSES

The American people have become "meat-conscious" during the years of wartime rationing and postwar scarcities, but probably few realize the

Hog wallows spread disease.

enormous amount of meat lost each year because of livestock and poultry diseases.

This loss runs into the hundreds of millions of dollars. Cattle brucellosis and cattle grubs alone take an annual toll estimated at nearly \$100,000,000. Internal parasites are blamed for \$125,000,000 loss in marketing of livestock each year. Hog

cholera, tuberculosis, swine erysipelas and mastitis (of dairy cattle) are just a few of the more serious diseases that take a heavy toll of farm animals and poultry.

With meat and dairy products at their present high prices, the wise farmer can profit more than ever from a sound, all-round program of livestock disease control. Here are some of the things he can do to prevent costly losses:

Thoroughly clean and disinfect all livestock quarters; raise young animals on clean pastures.

Have animals treated for internal and external parasites if necessary.

Have pigs immunized against hog cholera, around weaning time. In erysipelas areas, also have them vaccinated against swine erysipelas.

Isolate newly-purchased livestock for three or four weeks before putting them in with the home herd.

Provide well-balanced rations, containing adequate vitamins, minerals and proteins.

If sickness does occur, call a veterinarian at once. An early and accurate diagnosis may save an entire herd.

SALEM

by Mrs. Robert Patrick were shoppers in Kenosha on Saturday.

Mrs. Dave Elfers and daughter, Mrs. Elmer Fleming, of Burlington, were Friday visitors of Mrs. Herbert Heine, of Kenosha.

Mr. and Mrs. Milton Heine and family are spending a vacation in Florence, Wisconsin.

Mr. and Mrs. Robert Patrick and Mr. and Mrs. Frank Wheeler drove to Lake Geneva on Saturday night.

Mr. and Mrs. Vernon Stockwell returned from a week's wedding trip, and will make their home at Salem Oaks subdivision.

Proper front wheel alignment
is highly important!

JUST a bad bump at the curb can sometimes throw the wheels of any car slightly out of line... without the driver's knowing about it. Then you'd literally be dragging your tires sideways over miles of highway.

Don't risk it. It's cheaper and safer to drive in now for our Precision Wheel Alignment Service. We'll check the steering-gear assembly, inspect front-end alignment and make precision adjustment, balance front wheel assemblies, equalize pressure in tires.

Remember—ours is the authorized Chrysler-Plymouth service, by experts who know your car inside and out.

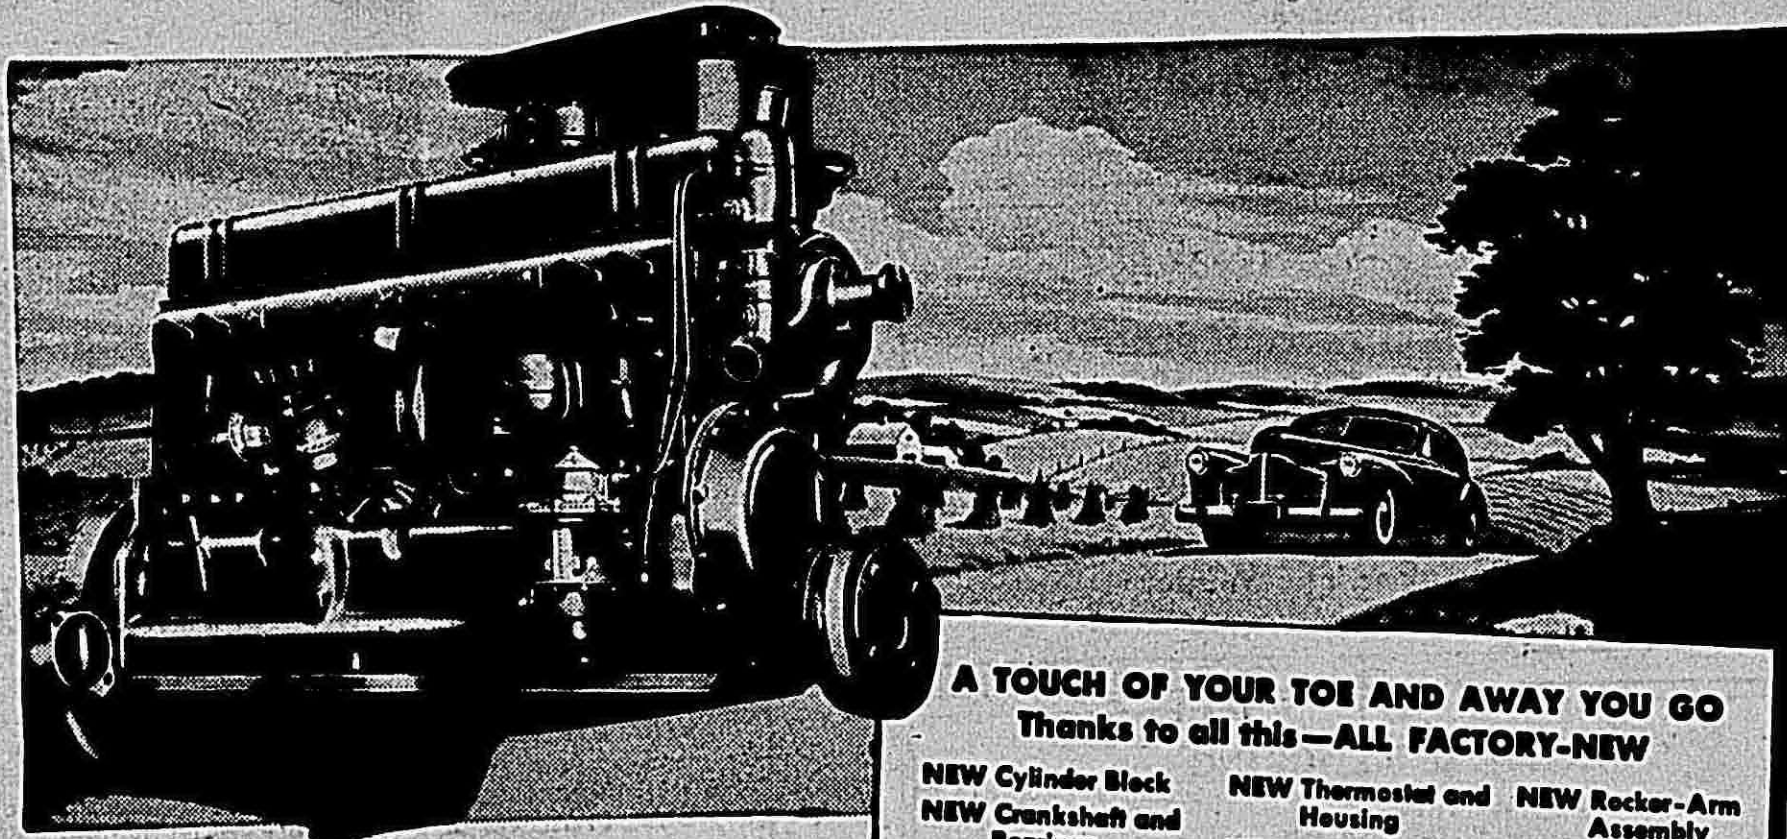

Antioch Servicenter

Route 21 and 173—Antioch, Ill.

NEW Oil Pump and Screens	NEW Cylinder Head	NEW Distributor
NEW Carburetor	NEW Valves and Springs	NEW Spark Plug Wires

—and new 1948 dependability

THERE'S a brisk new snap to the air and the open road is calling with a siren-song your Buick loves to answer.

Why not climb in and go places—not with your present, time-dimmed power, but with all the zip and zing of a brand-new 1948 Fireball engine?

In just a day or two, we can put a fresh-from-the-factory 1948 Fireball engine under the bonnet of any Buick from 1937 models on.

And it will be ALL NEW—fully equipped with every one of the items listed in the panel.

All the thousands of miles of driving you've done are left behind in our shop. In their place, you have miles and miles of carefree, new-engine driving—and a car that will be worth more when trade-in time comes.

Best of all, the job doesn't cost as much as you think. It varies a bit from model to model, but it's

always low enough to make this deal a prize bargain.

Come in and let us quote you the exact figure for making your Buick a 1948-powered car.

BOYS and GIRLS!

Enter the "Our Landmarks" Essay Contest

WE'RE all proud of the old landmarks in this beautiful section of Illinois, which remind us of the courage and foresight of the pioneers who settled this part of the country. To encourage interest in our Northern Illinois heritage the Public Service Company is sponsoring an essay contest during the showing of the "OUR LANDMARKS" water color collection at the Chicago Historical Society. It is open to grade and high school students (except in families of the Company's employees) attending school and residing in an area or a community served by the Public Service Company of Northern Illinois. Here's your chance to win one of the newest model Zenith FM-AM table radios. Or, you can win a handy Philco Transitone Battery-AC-DC portable radio, or a \$25.00 Security Bond. Everyone has a chance, for you'll be competing with boys and girls in your own age group. Read the instructions covering this essay contest below.

Rules

1. After seeing the fifty water colors "OUR LANDMARKS" on display throughout October, 1948, at the Chicago Historical Society (Hours, 9:30 to 4:30 on weekdays, including Saturdays, 12:30 to 5:30 on Sundays, Admission is always free to school children) in Lincoln Park, corner of North and Clark, Chicago, write 150 words or less on your favorite landmark, giving reasons why it appealed to you. Your essay must be written on the official entry blank obtainable only at the Information Desk, Chicago Historical Society.
2. Mail your essay to: Board of Judges, "OUR LANDMARKS" Essay Contest, 6 North Michigan Avenue, Chicago 2, Illinois.
3. All entries must be postmarked on or before midnight, November 10, 1948, and received by November 17, 1948.
4. Essays will be grouped into five classes for judging:
 - Group I 4th Grade and below
 - Group II 5th & 6th Grades
 - Group III 7th & 8th Grades
 - Group IV 1st & 2nd years High School
 - Group V 3rd & 4th years High School

Identical prizes will be awarded in each group. 150 prizes in all. First prize: Newest Zenith FM-AM table radio; Second prize: Philco Transitone Battery-AC-DC portable radio; Third through Tenth prize: \$25.00 Security Bond each.

4. Essays will be judged on originality, suitability and aptness of thought. Decisions of the judges are final. Duplicate prizes in case of ties. All essays, contents and ideas contained therein become the property of Public Service Company of Northern Illinois and none will be returned.

5. Contest is open to grade and high school students (except in families of this Company's employees) attending school and residing in all Public Service areas served by the Public Service Company of Northern Illinois.

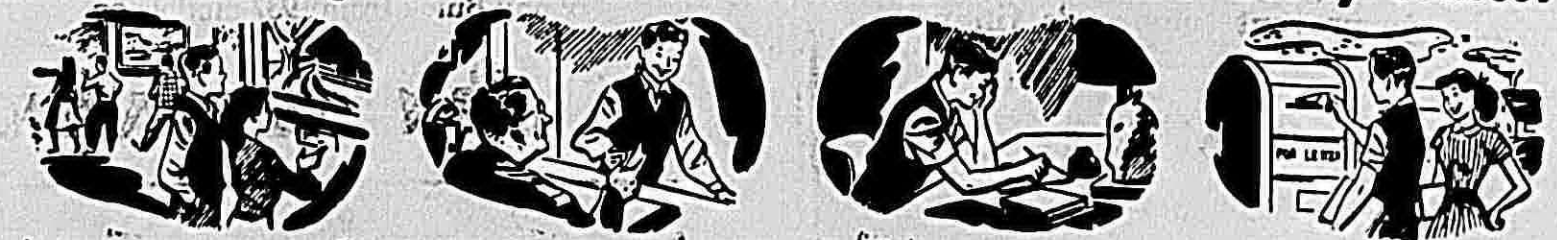

6. Winners will be notified by mail shortly after the close of the contest. Complete list of prize winners' names will be posted in all Public Service stores and the Service Bulletin.

REMEMBER—your essay must be written on the official entry blank obtainable only at the Information Desk, Chicago Historical Society.

It's EASY to Enter
—Nothing to Buy!

Here's what you do to enter the "OUR LANDMARKS" Essay Contest

Visit the exhibit of 50 water color paintings of "OUR LANDMARKS" of the Chicago Historical Society in Lincoln Park.

Obtain your official entry blank for the "OUR LANDMARKS" Essay Contest from the Information Desk at the Historical Society.

Write an essay of 150 words or less on your favorite landmark. Tell why you like it and why you think it important.

Mail your essay to: Board of Judges, "OUR LANDMARKS" Essay Contest, 6 North Michigan Avenue, Chicago 2, Illinois.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

Uncle Sam Says

You howled your head off when a home town player, bat on shoulder, let a perfect pitch wham into the catcher's mitt for the third strike. Well, you'd have the same right to howl if you saw the man who works next to you miss the ball on this tax reduction business. By taking the extra money and putting it into United States savings bonds through the payroll savings plan he actually would be hitting a home run for security for self and country.

Your country needs millions of more new tax payers to insure the nation's security. America's security is your security.

U. S. Treasury Department

Coffee Harvest in Latin America

Harvesting of coffee in the western hemisphere begins around the first of September in Haiti and moves south, getting progressively later until completion of the Sao Paulo harvest in the end of the following August. In certain of the coffee-producing countries the harvesting of ripe cherries is carried on throughout the year. The cherries are ready for harvesting in eight or nine months after the trees flower. Length of the ripening period varies with climate and altitude.

Petroleum Outlook

Our most important source of petroleum is domestic crude oil production. This year, the industry is expected to produce 2.15 billion barrels of supplies (crude oil and natural gasoline). The deficit is expected to be made up by importing about 175 million barrels of crude and refined products from Venezuela, Mexico, Colombia and the Middle East. This indicates a rise in total supplies to roughly 2.3 billion barrels, which should cover the year's estimated demand for oil products and provide some increase in stocks.

Strength of Jewish Army

Haganah, the first Hebrew army to take the field in the Holy Land in 2,000 years, is unofficially estimated to be 53,000 strong in full battle strength. With universal conscription, Haganah has at its disposal the full manpower of Jewish Palestine. All Jews between the ages of 18 and 35 get red conscription cards, after their medical examinations, showing their call-up dates. Fathers and only sons are exempt.

Among Our Owls

Owls are easily recognized by their distinctive large heads and large eyes, surrounded by circular discs of feathers. They are mostly nocturnal, but some of the species, like the snowy owl, hunt in the daytime. The great horned owl is the largest of the species; the smallest is the saw-whet owl, found in Eastern North America. It hunts the cedar and tamarack swamps. The screech owl is the most common of our owls.

Timber Insect Control

Insects and disease affecting timber slowly are being brought under control. One of the most successful experiments of recent years was the use of DDT in the control of the tussock moth in northern Idaho. Thousands of acres of timber were saved from this insect's destruction. A similar program is in the offing for the spruce bud worm and the bark beetle in Idaho and Montana.

Early U. S. Users of Coal

Coal was being used in the Rocky mountain empire more than 200 years before Columbus, according to investigations reported to the bureau of mines. The investigations disclosed unmistakable coal and coal ash in connection with fires used by the Hopi Indians of the Arizona pueblos in burning pottery as early as the thirteenth century.

Sugar Beet Mechanization

About five and one-half man hours are required to produce 100 pounds of sugar in Puerto Rico. This is about 12 times the requirements on fully mechanized sugar beet farms in the United States. Less than one-half man-hour per 100 pounds of sugar is required on mechanized sugar beets.

Grasshopper Control

For years, farmers in many sections of the land have battled grasshoppers with only mild success. Poison baits have undoubtedly saved millions of dollars in crop loss, but often the percentage of kill by such baits has not been high enough to prevent severe loss. In the last two years several new chemicals have appeared on the scene to provide a sound answer to the grasshopper problem. They include chloradane, benzene hexachloride, a chlorinated camphene and some of the organic phosphates including parathion. While all these compounds have given good control, chloradane is perhaps the most promising. Like many insecticides, chloradane is poisonous to warm-blooded animals and humans, and proper precautions must be taken in its use.

Two Weeks Only Remain In State Fishing Contest

The Illinois Fishing Rodeo is only two more weeks to run. Fifty more tagged fish were caught this past week, bringing the total caught in the Chicago area to 120. The fish are still plenty of tagged fish left. Conservation Officers in the Chain O' Lakes area report that bluegills fishing is very good. Black bass are back in shallower waters and are hitting plunkers and other surface lures in Grass Lake and adjacent waters. White bass are being caught on minnows in Kramer's Channel between Pistakee and Nippersink Lakes. Lake Marie morning, three passengers, Call Antioch 10 up to 5:00, and after 6:00, Channel Lake are producing north of Antioch 10 up to 5:00, and after 6:00, Lake Villa 2322. (8c)

Fishing has been poor in Wisconsin Lake the past week. Calumet Lake is fair with some good strings of jumbo perch and large blueheads. Prospects for this weekend are good. STATE OF ILLINOIS) ss COUNTY OF LAKE) IN THE CIRCUIT COURT ANNA TOLBERT Plaintiff vs ROY TOLBERT Defendant No. 51213

Affidavit showing that the defendant Roy Tolbert on due inquiry cannot be found so that process cannot be served upon said defendant having been filed in the office of the Clerk of this court, notice is there fore, hereby given to said Roy Tolbert defendant that the plaintiff in the above entitled cause filed her complaint in said cause on the 4th day of September, 1948, and that said action is now pending and undetermined in said court, and that you, the said Roy Tolbert defendant, must file your appearance in said action on or before the Third Monday in the month of October, 1948, and in the event you fail to do so default may be entered against you.

L. J. Wilmot, Clerk of said Court Clarence L. Brown, Attorney for Plaintiff, Waukegan, Illinois (6-8c)

Dude Ranches Increasing First dude ranch of record in this country was started in Medora, N. D., in 1833. Today there is an official Dude Ranchers association with some 100 members in nine states and Canada. Its member resorts this year will probably entertain 13,000 guests and take in more than a million dollars. Dude ranching is a year-round business, although its best months are in summer. Girls are enthusiastic dudes. Besides Arizona, the principal dude ranch states include Colorado, Wyoming, Nevada, Montana, Idaho, New Mexico, California, Washington and Oregon.

New Soap-Making Method Worldwide shortages of fats and oils could have caused a serious crippling of U. S. soap production if it had not been for technical developments by scientists in the soap industry. The backbone of this streamlined soap making method is an ingenious piece of equipment called the "hydrolyzer." It is a stainless steel tube about the diameter of a barrel, towering to the height of an eight-story building. Fats and oils under high pressure are pumped in at the bottom of the tube, and scalding hot water, also under pressure, enters at the top.

Sir Richard Burton
Sir Richard Burton, who was extremely prolific, wrote of his visits to Mecca and Medinah. He was the first non-Moslem to make extensive notes on the holy cities and get out alive.

This month Americans celebrate Independence. Down through the decades they have cherished and fought to maintain Independence and Security, for both the nation and for themselves. For Security, U. S. Savings Bonds offer the safest means of building your future. Every dollar invested in Savings Bonds today is part of your "take home savings"—money that GROWS. There's no safer or easier way to save than through the Payroll Savings Plan. Use that salary to buy U. S. Savings Bonds. Or, if you're a self-employed, the Bond-a-Month Plan where your bank provides the automatic, profitable way to assure continued Independence.

Idaho Primitive Area
primitive area has an estimated population of 13,000 elk, 400 sheep and 300 goat, numerous bear, birds and prehistoric fur-bearing animals.

Baltimore city council recently had one of its meetings beamed by television into local homes. This is believed to be the first time that a council meeting was carried by television.

The early Roman calendar had no January. The year began with March and had only 10 months. January was added to the calendar by Numa Pompilius, who gave the month 30 days. Julius Caesar later added the 31st day.

Kansas, with more than 82,158 square miles, has more than 100 lakes, 22 state parks, and a greater variety of wildflower life than elsewhere in the nation. It also has 18 principal rivers.
